FILING DATE:	August 4, 2006		
FOR:	SENSOR HAVING HYDROPHOBIC COATED ELEMENTS [as amended]		

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

AMENDMENT & ELECTION

This amendment and election is in response to the Official Action dated April 1, 2009.

Claim 11 recited a sensor utilizing a silicon component with a sensitive layer, and this claim is cancelled herein. **Accordingly, the remaining claims (1-3, 5-6 and 12-21) directed to a sensor utilizing a hybrid gate electrode with a sensitive layer are hereby elected with traverse.**

Please amend the application as follows:
